

Following the Cheshire East Council declaration that they wish for all schools across the Local Authority to start their phased approach with pupils to the further re-opening of schools from 15th June onwards, we can confirm that we will adhere to their requested timelines. It is extremely important that we act in the best interests of both our pupils and staff and the time from 1st June to 15th June is required to further risk assess and prepare our school site for the safe return of more pupils outside of the present target group. The government is due to publish its scientific guidance to support us in this work and we will then be seeking governor, trustee, staff and trade union consultation over our plans. A full update on the plans for return will be published in due course.
